

Friends of the Rainforest Customer Rewards Program

Save Your World® has a unique conservation mission. For every product you buy, you save one acre of rainforest for one year. **Friends of the Rainforest** is an online program for people who want to make their donations known to the public by taking a stand and having their names displayed along with their acre contributions. **Friends of the Rainforest** is a virtual listing that offers its members special over and above discounts, exclusive mailings and product coupons, and the opportunity to share with others how they feel about helping to save the rainforest.

With every product you buy on our website or at one of our many retail partners across the U.S., you save one of rainforest for one year. The more products you buy the more acres you save. We reward our customers' support of our conservation mission with special gifts. As you reach your reward level, you will automatically be shipped the appropriate reward indicated below.

As a **Friends of the Rainforest**, you also will receive correspondence from **Save Your World** for exclusive offers, discounts, newsletters and other opportunities throughout the year.

See the great, green gifts* that show your conservation pride, and pamper and nurture your green heart. [Click here](#) to join this special program!
