

## BODY WASH

Our NEW Body Wash is an all over body experience. Made with organic oils, you can't get much more natural than this. When we say body wash we mean a wash that can be used for hands, face or body in the shower or at the sink. This versatile soap is gentle enough for all skin types and all uses.

Like all our products this wash contains the natural, unique ingredient of organic Yerba Maté, which provides a gentle exfoliation and leaves behind nutrient rich antioxidants. Organic Aloe Vera then assists in moisture retention for your entire body.

Experience the All Over Body Wash!

**WATER:** Water that has been through a process to remove the minerals to avoid any reaction with the oils in the soap.

**SAPONIFIED OILS OF ORGANIC OLIVE, COCONUT, CASTOR AND PALM OIL:** These organic vegetable oils are saponified by mixing them with potassium hydroxide, which produces soap and glycerin. The saponification process retains the glycerin to the highest levels, allowing for a rich lathering, moisturizing all organic and natural wash.

**ORGANIC YERBA MATÉ EXTRACT:** We are the first company in the United States to utilize this Southern Brazil nutrient rich tree leaf extract in a complete line of personal care products. This certified organic extract has skin strengthening properties and is rich in vitamins, minerals and antioxidants.

**ORGANIC ALOE VERA GEL:** We use only certified organic Aloe Vera Gel sourced by the world's oldest and largest manufacturer and grower of Aloe Vera from a farm in the Dominican Republic. Aloe has been used for centuries as a rejuvenator of cells and adds cool, soothing properties to the skin.

**SODIUM BORATE:** A mineral deposit used in this product as a natural mild preservative.

**ROSEMARY EXTRACT (OIL SOLUBLE):** Recently found to be a strong antioxidant and having anti-inflammatory properties, in this product used as a preservative to the wash.

**PURE ESSENTIAL OILS:** We use carefully selected pure natural essential oils to provide our pleasantly fresh and unique aromas, as fresh and unique as the rainforest we preserve.
